FLOWER SEED NOVELTIES OF MERIT FOR 1940

PETUNIA CREAM STAR

Ageratum

Midget Blue

After many years of selection, our grower has finally been able to offer a very fine dwarf (2 to 3 inches high) Ageratum with delicate fine foliage, which is practically smothered with small, true Ageratum Blue flowers.

Awarded a silver medal in this year's All-American trials, we feel sure that our customer will find in Midget Blue, the ideal bedding Ageratum.

Tr. pkt.....50c 1/8 oz.....\$1.75 1/4 oz.....\$3.00 Oz.....\$10.00

Larkspur—Giant Imperial

Pink Perfection

The plants are tall, basal branching, upright in habit and very free flowering. The color is a very luscious shade of lively light pink, similar to the Stock Flowered variety La France. Early flowering, Pink Perfection comes into bloom about the same time as the Stock Flowered variety, Rosamond. Ideal as a florist color, Pink Perfection is also a magnificent addition to the home garden.

Rosalind

A new color in Larkspur, rose with just enough suffusion of salmon to create a most pleasing new shade of rose pink. True base branching in habit with a center spike four to five feet tall and from six to eight side branches three to four feet long, all emanating from the base. The spikes are wiry and the blooms practically non-shattering, a quality so essential for cutting or shipping.

Each of the above: Trade pkt., \$0.50; 1/4 oz., \$0.75; Oz.....\$2.50

Marigold Gigantea

Full Double Orange

The color is a deep rich, lively orange which combined with the unusual size of the flowers makes this new Full Double Orange one of the showiest and most colorful of garden subjects. Although the foliage carries the characteristic Marigold odor, the flowers themselves are delicately sweet scented. Even though of extreme size (averaging 5 inches and over in diameter), the flowers are loosely formed, very full centered with broad, heavy, wavy petals which gracefully overlap and make a flower ideal for cut flower use. The plants are strong growing, upright branching in habit, somewhat dwarfer than the older variety Orange Sunset, usually 2½ to 3 feet tall, and producing a heavy growth of foliage with six or eight heavy branches each bearing three or four large flowers.

Trade pkt.....\$0.50 1/4 oz.....\$1.50 Oz.....\$5.00

Marigold—Winter Harmony

Marigold Winter Harmony is an entirely new type for winter flowering in the greenhouse. It is of the quilled scabious type with a single row of reddish brown guard petals, encircling a golden orange quilled center—with mahogany brown dots on the tip of each quilled petal.

It makes a uniform growth of three feet in the field and produces 100% double 2½-inch flowers.

Trade pkt.....\$0.35 1/4 oz.....\$0.75 Oz.....\$2.25

Petunia Hybrida Nana Compacta

Cream Star

(See Illustration)

New Dwarf Bedding Petunia. Entirely distinct in both color and form of flowers. Awarded a silver medal in the All-American trials this year.

Plants have the ideal dwarf, bushy habit of the nana compacta group. When full grown, they are 12 in. high and 14 in. across, neatly rounded and completely covered with flowers over the sides and top.

Flowers grow 2¼ in. across and are shaped like a five-pointed star; soft creamy white deepening towards the throat to a bright golden yellow. The color of the flowers, together with the compact habit of the plants and their profusion of blooms, makes Cream Star Petunia ideally suited for low beds, borders and edgings.

Trade pkt.....\$0.25 Four pkts.....\$0.90

Petunia Hybrida Nana Compacta

Glow

Awarded a silver medal in this year's All-American trials, Petunia Glow is a combination of dazzling Carmine Red color with dwarf bush growth. Individual flowers measure more than 2½ in. across and are borne in great profusion. Especially valuable for pot and bedding purposes.

Trade pkt.....75c 3/8 oz.....\$2.50 1/6 oz.....\$4.50

Stocks Double Giant

Column Gardenia

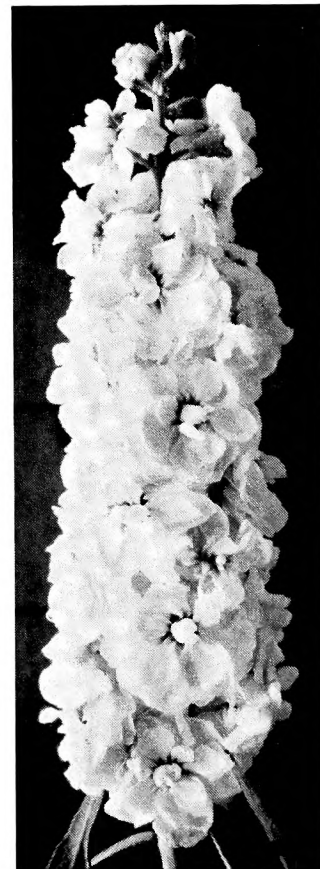

With superbly formed, magnificent spikes composed of individual florets 2 in. to 2¼ in. in diameter, this remarkable new Giant Column Stock is indeed the last word in perfection. Shimmering, glistening white, the flowers are the purest snow white of any Stock variety yet introduced. Producing only one flower spike to a plant this spike will, however, be of enormous size, 12 in. to 15 in. of florets and nearly 3 feet in length, and 4 in. or even 4½ in. in depth, with the individual florets closely and compactly placed on the stem. The robust habit and uniformity of type combined with a high percentage of doubles places Gardenia definitely in a class by itself with no peer among the finer flowers for the high class florist trade.

AGERATUM MIDGET BLUE

Antirrhinum

Nanum (Semi-Dwarf) Varieties

We are pleased to offer to the trade the following semi-dwarf varieties of snapdragon. This seed is imported direct from England where it has received great acclaim as the finest variety for bedding purposes. The plants are very free flowering with strong stems which in itself recommends it for cut flower purposes.

Asters

Early Giant—Wilt Resistant

An entirely new type of Wilt-Resistant florist strain Aster. Flowers are similar to the Giants of California, very large and full with broad, graceful petals. The plants, however, differ in that they are only 1½ to 2 feet tall and branching low on the central spike. The most desirable feature is the early blooming habit, which is mid-August or early September. Granted an Award of Merit in the 1939 All-American Selections.

Light Blue, clear rich light blue.

Peachblossom.

PETUNIA DWARF "VICTORIOUS"

Petunias

All Double Dwarf "Victorious" Strain

Large Flowering Fringed Mixed

A strain of dwarf Petunias that gives practically 100% double flowers from seed, something every Florist has been looking for. Flowers are large ruffled and fringed in a splendid range of color. A dwarf compact grower, making it ideal for pots as well as for bedding. Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Amaranth Red

An extra dwarf variety of the Victorious strain with flowers of a bright amaranth red color.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Appleblossom

This variety won honorable mention in the 1939 All-American trials, and has become a favorite color with the florist trade. Plants are very dwarf with appleblossom pink flowers.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Gaiety

A 1937 introduction well worth a trial. Color is Rose-Red and White with frilled petals. Flowers measure three to four inches across and the plant is just as dwarf and compact as a single form.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Loveliness

An extra dwarf large flowering Petunia. Flowers measure 4 inches in diameter and are of a clear pink color. Comes 100% double.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Orchid Beauty

Winner of Award of Merit in the 1938 All-American Selections this beautiful all double dwarf petunia will find instant favor with the florist trade. Color is orchid or light lilac, heavily veined deeper lilac or violet. Orchid Beauty is the very latest in dwarf double flowered Petunias and we are pleased to offer it to the trade.

500 seeds.....\$1.25 1000 seeds.....\$2.00 3000 seeds.....\$5.00

Rosy-Carmine (World Beauty)

The ideal plant for pots and bedding purposes. Practically 100% double with large fringed flowers of a beautiful rose-carmine color. The plants make a very dwarf, compact growth and are very free flowering.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Pure White

A companion to Loveliness. This is one of the best double fringed white Petunias ever introduced.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Petunias

All Double Tall "Triumphant" Strain

Large Flowering Fringed Mixed

This strain is identical to the Dwarf "Victorious" except in height, which runs from 14 to 15 inches. Produces practically 100% double flowers in a wonderful range of colors.

Trade pkt., 500 seeds, \$1.25 1000 seeds, \$2.00 3000 seeds, \$5.00

Double Giant Ruffled and Fringed

The original stock of these varieties is the famous Shepherd strain, which our grower has continued to improve since the Shepherd firm retired from business. This strain so noted for its wonderful color range, now produces 95% double fringed flowers of immense size.

Petunias—Continued

Giants of California

Supreme Florist Strain

For some years there has been a demand for this type of Petunia in a color range comprising the lighter rose and pink shades, and we feel that it will be a welcome addition to the large Florist type. It is of the well known Giants of California type, with very large ruffled, shallow, open throated flowers, freely produced on strong growing plants which may be as much as two feet tall by the end of the season. It is an excellent bedding variety as well as a fine window box type.

Trade pkt.....\$1.00 1/4 oz.....\$2.00 1/2 oz.....\$3.00

Dwarf Giants of California

Ramona Strain. A dwarf sturdy growing type especially suited for pots. Flowers are beautifully ruffled and fringed with well marked throats.

1/4 oz., \$1.75; 1/2 oz., \$2.75; 1 lb oz., \$5.00; Trade pkt.....\$1.00

Super Fluffy Ruffles

The flowers are so ruffled and frilled that they have the appearance of being double, and are far superior to the original strain originated by Mrs. Shepherd. The flowers are very large with large throats. It is a well balanced mixture of Pink and White, Salmon, Deep Rose, Crimson and Light Blue. An outstanding improvement of an old variety.

Trade pkt.....\$1.00 1/4 oz.....\$2.00

Begonia Fragrance

A fragrant Tuberous Rooted Begonia which produces a large number of deep pink single flowers, carried well above the foliage. The fragrance is distinctive and pleasing. Quantity we have to offer is limited.

Per doz.....\$2.00 Per 100.....\$15.00

Caladiums— (Fancy Leaved)

A rich and ornamental foliage plant that is rapidly coming into increased favor owing to the many uses that can be made of it. In addition to being sold to the public for use in the house, it will do well in a window box, where it has the benefit of shade from an awning or porch and protected from drafts. An ideal window display plant in summer when store decoration is expensive.

Easily started in flats if bulbs are covered about ¼ inch with soil in which some charcoal or other coarse neutral material has been mixed. Place flats under the bench in a warm place (80 to 85 degrees won't hurt) water sparingly and pot up when leaves begin to show color, using good rich soil. Our collection consists of 15 of what we consider the best and most highly colored varieties including Candidum, the favorite white.

Named varieties. Per doz.....\$1.65 Per 100.....\$12.50

GLADIOLUS

For Greenhouse and Outdoor Planting

What was thought to be a good crop has turned out to be on the short side in some varieties. We have a good supply of most all kinds contracted for and can assure our customers of good well cured bulbs, up to size and true to name. Prices are low enough so there is little or no gamble for anyone, who can use the flowers at retail.

NOVELTIES IN LARGE MUMS AND POMPONS FOR 1940

This list includes the latest introductions of De Petris, Bristol Nurseries and Yoder Bros., all of which have been tested and passed on by experts before being introduced.

Yellow Chattanooga, Imp.

Sport of Chattanooga. Color is several shades deeper than Yellow Chattanooga.

Blaze—(Yoder Bros.)

A deep glowing cardinal red single, which blooms December 10 to 15 and can be held for Christmas. Flowers are 2 inches in diameter on long, graceful petioles.

Dark Pink Valencia

A deep pink sport from Valencia. It differs from that variety in color only. The color, however, is sufficiently intensified to make this a distinct new addition to the list of pink singles.

December Gold—(De Petris)

A large pompon maturing December 5 and later. Excellent growing habit with good stem and foliage. Intense gold color, which is quite brilliant and appealing. Should be a favorite with both grower and retailers.

Fawn—(Yoder Bros.)

A bright golden yellow single. Blooms December 5. Flowers are 2 inches in diameter, with 5-6 rows of sturdy petals.

Gleam—(Yoder Bros.)

A large anemone with a low well proportioned center. Blooms about Dec. 5. Color is a clear deep sulphur yellow which does not fade.

Melody—(Bristol Nurseries)

A splendid free-flowering single Korean. Color is a lovely soft daphne shade. In full flower late October. Height 3 feet.

Natoma—(De Petris)

An excellent large flowered pompon which matures about October 25. Color, brilliant tomato red with an attractive sheen. A good variety for shading.

Prices for Rooted Cuttings of any of the above.....\$2.50 per 10, \$15.00 per 100, \$125.00 per 1000

	Per 100	Per Case

Second size, 3 to 4 inches circumference.....	.30	1.75	15.00
New Mammoth, Everblooming Single.....	.45	3.00	25.00

Pearl—(Yoder Bros.)

A large pompon, clear opaque white, of unique globular form. Blooms about November 20, just after Chicago Pearl.

Pomponette—(Bristol Nurseries)

A new type of pompon particularly suited to pot culture. Its habit is dwarf, forming a finished plant about 12-15 inches in height. Flowers under glass in early October. Color a clear primrose yellow when fully opened.

Prosperity—(De Petris)

A late deep pink pompon which matures about the 10th of December. An excellent grower and heavy producer which will meet with favor with anyone who can use this color.

Silver Emblem—(De Petris)

A white anemone with creamy white cushion suitable for growing in sprays. Matures about November 1.

Snow—(Yoder Bros.)

A medium size Ivory white pompon that blooms December 25. A good pompon to bloom with Garza Supreme.

Swan—(Yoder Bros.)

A large white anemone, with a crystal clear white, informal type petal, of good substance, and a chartreuse green center, which gradually changes with fuller development to a clear white. Blooms December 1-10. Flowers attain a diameter of about 4 inches when disbudded to 3 flowers per spray; can also be grown disbudded to 1 flower.

Viking—(Yoder Bros.)

Color is an intense, deep bronze shading to a gold bronze. Blooms December 1.

Yellow Princeton—(Yoder Bros.)

A bright yellow sport from Princeton. Color a clear yellow.

COL. F. M. ALGER

Chrysanthemum Rooted Cuttings

Cuttings will be shipped from the largest mum growers in the country, where acres of space is devoted to caring for stock plants during the winter, and cuttings are produced by the million. Great care is exercised to keep plants free from disease and insects, so only clean, healthy, well rooted cuttings are shipped out.

Early ordering is advised and prompt delivery can be made on any date specified starting about the first of March. We receive, weekly, an inventory of the available supply and can advise promptly if there will be any undue delay in filling orders.

NOTE CAREFULLY

Cuttings are put up in bundles of 25, any change means additional expense and the following schedule shows price per cutting which will prevail where less than 25 of a variety is ordered. Orders for less than 5 of a variety are not solicited.

Where Price Per 100 Is	Price Per Cutting Will Be	Where Price Per 100 Is	Price Per Cutting Will Be
\$3.00	5 cents	\$7.00	12½ cents
4.00	5 cents	8.00	15 cents

CHROME EMERALD

Pompon and Decorative Commercial Varieties

The term pompon is applied to those varieties which are of the true rounded type, and those very nearly approaching this type.

Decorative varieties are those which are a distinct departure from the rounded type. Their flowers are less compact, partly reflexed and display more of the color of the inner side of the petals.

Size of flower is indicated by S—small; Int.—intermediate; L—large.

	Type	Matures	Per 100	Per 1000
* Acto. Rose pink, medium.....L. Pompon		Nov. 1	\$3.00	\$27.50

*Good disbudded. †Good as pot plant. The terms, Short, Medium, Tall at the end of description, refer to finished height of plant.

CALIFORNIA YELLOW DAISY

California Daisy Type

We are listing for the first time five varieties of California daisy type pompons. These are not new as they have been grown in California for past 8 or 10 years. To prove they have merit and are worthy of a trial, we may say that $\frac{3}{4}$ of the Pompons shipped from the San Francisco area this year consisted of these 5 kinds.
Cuttings will be shipped direct from California.

†Good as pot plants.

Novelty Carnation Cutings

We list some of the latest novelties, descriptions being those of the originator.

Purchasers of patented varieties may propagate all they desire for their own planting without the payment of any royalty.

Hermosa

A delicate light pink carnation, of a lovely clear shade. No fading or streaking, holding its color under all conditions even during summer heat. The habit of growth is good, every shoot producing a high grade commercial flower on a good length stem.

Rooted Cuttings:

Per 100\$15.00

Per 1000.....125.00

Berkshire Hills

A beautiful light salmon pink sport of and the same size as Patrician, but does not split as much.

Per 100\$15.00

Per 1000.....125.00

HERMOSA CARNATION

Pharaoh

An unusual novelty seedling with bright orange petals, the tip of each petal being fringed with red.

\$15.00.....per 100 \$125.00.....per 1000

Seth Parker—(Patented)

New bright Crimson, with large flowers and a free producer.

\$20.00.....per 100 \$150.00.....per 1000

Snow White

One of the finest carnations ever introduced with very large flowers, symmetrical in form and has high, full centers. In spite of its size, SNOW WHITE is a heavy producer.

\$15.00.....per 100 \$125.00.....per 1000

Standard Varieties

In addition to varieties listed we can supply all the new and also standard varieties, obtained from the originators or growers who can deliver well rooted cuttings carefully packed.

FLORALIFE Complete—Nothing to Add

A preparation for prolonging the life of flowers by simply adding to the water when put in a container.

From personal experience we can definitely recommend Floralife as being all the introducers claim for it. When used last year on the Roses exhibited at the Chicago Flower Show, it prolonged the life of the flowers for two days under very adverse conditions. No retail florist should be without it as when used according to directions it will add to your customer's satisfaction with the flowers you sell.

Hormodin

Hormodin Powder and Hormodin Liquid are root-inducing chemicals which stimulate rapid root growth on cuttings. Many plants formerly impossible to propagate from cuttings may now be rooted with the aid of Hormodin.

Hormodin Powder

Since different plants require different treatment, Hormodin Powder has been developed in three strengths, paralleling the range of hormones in nature.

Powder No. 1. A general-purpose powder especially good for carnations, roses, poinsettias, chrysanthemums, and similar types.

Powder No. 2. Designed for many of the woody and semi-woody types.

Powder No. 3. Designed for the more resistant species including many evergreens and dormant leafless cuttings.

Hormodin "A" Liquid

The liquid form of Hormodin is applied as a dilute, water solution. It offers the possibility of treating cuttings with any desired concentration at a cost of only a fraction of a cent per cutting.

Complete directions with plant name list, are included in each package.

Hyponex—Plant Food

Hyponex is a clean, odorless and harmless powder, compounded from a mixture of chemicals in dry form, which, when dissolved in water, yields a nutrient solution which is capable of supplying all the essential elements in a balanced form necessary for vigorous plant growth.

With the use of Hyponex, plants may be grown in soil, sand or water. Seedlings and cuttings root and germinate quicker and make a stronger growth through its use. Hyponex is invaluable for feeding cuttings, rooted in sand or soil, as it will not burn the tender roots or foliage and helps prevent "damping off" and other diseases that might attack young plants.

No greenhouse should ignore the extra results obtained by its use.

Put up in many different sizes it has become an excellent item for retail sales, as well as for use in the greenhouse.

Prices of Hyponex are:

	Per Can	Per Doz.
3-oz. can makes 18 gals. of solution.....	\$0.40	\$3.20

Write for prices on 25 lb., 50 lb., and 100 lb. drums.

Vitamin B-I

The sensational new plant growth stimulant, which has received great publicity and acclaim since its introduction. Put up in 1/10 gram bottles, each bottle when dissolved in water makes up to 2000 gallons of solution. Display cards are available for retail sales, each card holding one dozen bottles.

Vitamin B-I is also put up in 1 gram bottles for greenhouse and nursery use.

Prices on above are: 1/10 gram bottles each, \$1.00; per doz. with display card, \$7.80; 1 gram bottles.....\$7.00 each

Letters—Gold or Purple Script Words

Rozak Sealing Compound

Rozak Sealing Compound is especially adapted for setting or sealing glass and repairing air or water leaks in greenhouses.

It is water-proof and weather-proof and dries to a rubbery firmness that allows for expansion or contraction. Its surface dries in twenty minutes and will not pull away from wood, steel, or glass. Applied with a special sealer gun, it goes many times further than putty and is easily and quickly applied.

Prices for Sealing Compound are:

Per pint.....\$1.00 Quart.....\$1.75 Gallon.....\$3.00
